CATSMASH

SCENE 1

INT. KERALA HOME - DINING AREA - DAY

GOLDEN HOUR SUNLIGHT bathes a meticulously arranged dining table. A vibrant ONAM SADHYA spread: a pyramid of glistening PAZHAM PORI, a towering stack of UNNIYAPPAM, bowls of rich PAYASAM, and various curries, all on a fresh BANANA LEAF. The scene is a perfect tableau of Malayali tradition.

AMMA (50s, warm but stern), in a kasavu saree, gives the final touches, her movements precise. She beams, admiring her handiwork.

CLOSE UP on Amma's satisfied smile.

A slick, MODERN SMARTPHONE is lifted, framing the perfect shot. MAYA (20s, Amma's daughter, trendy), is behind it, eyes glued to the screen.

MAYA

*Amma, super aanu!
Exact frame
kittiyittundu! Insta
story idatte?*

Amma waves a dismissive hand, still admiring the spread.

AMMA

*Nee enna venelum
cheytho. Enthara oru
shaanthi. Ee varsham
sadhya adipoli aanu.*

SOUND of a soft MEOW.

From beneath the dining table, a pair of bright, curious CAT EYES watch the spread. This is KUTTAN, a sleek, black house cat. It twitches its whiskers, a glint in its eye.

CLOSE UP on Kuttan's paws, kneading silently on the floor. Its tail begins a slow, rhythmic sway.

Amma notices Kuttan. Her expression hardens slightly.

AMMA

*Kuttan! Angottu maari
nikku! Ninte kali
ivide venda. Ithu
valare delicate aanu.*

Kuttan merely blinks slowly, then yawns, feigning disinterest. Amma sighs, shakes her head, and heads towards the kitchen.

AMMA

*Achan, choodu vellam
ready aano?*

Maya is still engrossed in her phone, adjusting filters. Kuttan watches Amma leave. The tail's sway picks up speed.

A low, SUSPENSEFUL HUM begins to build in the score.

SCENE 2

INT. KERALA HOME - DINING AREA - CONTINUOUS

Kuttan slowly, deliberately, emerges from under the table. Each paw step is precise, silent. The camera tracks low, from Kuttan's POV, moving towards the table. The Pazham Pori pyramid looms large.

EXTREME CLOSE UP on Kuttan's eyes, pupils dilated, fixed on the food.

A slow PUSH IN on the Pazham Pori, glistening, perfect.

Kuttan crouches low, muscles tensing.

In the kitchen, Amma's voice echoes faintly.

AMMA (O.S)

*Achan, aa sambaril
koncham vellam koodi
ozhichu kodukku!*

Maya giggles at her phone.

Kuttan launches.

SOUND DIES. A low, cinematic WHOOSH.

SLOW MOTION.

Kuttan is airborne, a black blur. Its paws outstretched, claws ready.

BULLET TIME shot as Kuttan's body arcs over the table.

Maya looks up, distracted by the sudden movement. Her eyes widen in horror.

EXTREME CLOSE UP on Maya's open mouth, a silent scream forming.

Kuttan's hind legs connect with the edge of the Pazham Pori pyramid. The top tiers wobble precariously.

The pyramid of Pazham Pori disintegrates. Golden-brown pieces FLY outwards in slow motion, glinting in the sunlight like shrapnel.

Kuttan loses balance, paws scrabbling wildly on the smooth banana leaf.

The Unniyappam tower TOPPLES. Its round, dark spheres BOUNCE and ROLL, creating a chain reaction.

BOWLS of payasam and curry slide, tilt. Red curry SPLASHES onto the pristine white kasavu table cloth. Yellow payasam oozes.

A crystal serving bowl containing chips SHATTERS on the tiled floor, sending a spray of glass and crunchy bits.

QUICK CUTS: * Kuttan's terrified, flailing face mid-air. * A perfect Unniyappam exploding on impact with a wall. * A banana leaf, once a canvas, now a chaotic mess of colors and textures. * Amma, returning from the kitchen, FREEZES in the doorway, a horrified gasp trapped in her throat. * Achan (55s, calm but now shocked) appears behind her, eyes wide.

Kuttan lands with an ungraceful THUD, skids, and then scrambles away, leaving a trail of food debris.

The sound design returns with full force: * The CRASH of glass. * The SPLATTER of curries. * The PING of metal utensils. * A final, echoing THUD as the last bowl hits the floor.

Silence. A profound, ringing silence.

Amma's face is a mask of utter devastation. A lone tear escapes her eye.

Maya's phone slips from her numb fingers, hitting the floor with a soft, ironic THWACK.

Kuttan, now safe and sound under a distant chair, begins to casually LICK a paw, a tiny piece of Pazham Pori stuck to its fur.

FADE TO BLACK.
